myStrengths @ Purdue University
Web Portal Registration Instructions
www.purdue.edu/mystrengths

These instructions are for:
1) Purdue Students, Faculty, and Staff who have not taken the Clifton StrengthsFinder Assessment
   AND
2) Purdue Students, Faculty, and Staff who have already taken the Clifton StrengthsFinder Assessment (StrengthsQuest, Gallup Strengths, etc.) and need to import their results into the myStrengths Web Portal

NOTE: If you have taken the Assessment and need to import your Strengths data, you will need your username and login you used to take the Assessment. If you do not know your Gallup Strengths (Finder, Quest, etc.) username and password, you can get them by going to: http://www.strengthsquest.com/home.aspx and click “Cannot access account? Click for account assistance” and follow the instructions.

If you were given access to the portal and have already taken the assessment, please do not take the assessment again. Taking the assessment costs us $10 per assessment and will negatively impact our ability to provide the assessment for free for incoming students.

Step 1: Enter your Purdue (Career Account) username and password.
Step 2: Enter the information requested and click “Create Account”

*Note: The username and password will be unique to this site. Use your Purdue Career Account for your username (your Purdue email without “@purdue.edu”). The full email will be prepopulated so you will need to delete “@purdue.edu”. If you get an error message related to the username, choose another username of your choice. (The error means someone has used this username in the global Gallup system). Example: boilermaker@purdue.edu would use “boilermaker” as the username. Choose any password (minimum 5 characters).*
