CHRISTIAN [Bencid]

MBA, Purdue University, Class of 2018 • BS, Hospitality and Tourism Management

“Krannert’s analytical approach to academics has provided me with the foundation to go through a career change that otherwise would have been impossible. The continuous support and encouragement of the KPDC coaches has been instrumental to my successful graduate career.”

Krannert WELCOMES YOU

Welcome to the recruiting season at Purdue’s Krannert School of Management. The Krannert Professional Development Center (KPDC) provides our corporate partners with services and support to connect with students and further engage across Krannert in ways that provide value to your respective company. We have one of the most diverse student bodies in the world. Top faculty are preparing our students to meet the growing challenges facing organizations.

A student’s professional development is a broader Krannert commitment that extends beyond delivering a world-class education. It includes leadership development through a focused curriculum, personalized career coaching, assistance in job search and career management services for every student. KPDC serves as the focal point in linking students with our corporate partners. This guide serves as a resource for navigating around our university and Krannert.

KPDC strives to assist our corporate partners in meeting their unique recruitment, engagement and related ROI goals. We view our partnerships as a long-term proposition and appreciate the continued interest in our students.

We enthusiastically welcome the opportunity to serve each student and corporate partner! Please let us know how we can serve your needs and be your primary source for talented men and women dedicated and developed to make a meaningful difference.

Thank you very much for your partnership and continued involvement with Krannert.

Best regards,

DAVID HUMMELS
Dean

BRIANA [Sotelo]

MS, Human Resource Management, Purdue University, Class of 2016 • BA, International and Latin American Studies, University of San Francisco

"Krannert has prepared me to work cross-functionally when I’m in the business world. Because we are a STEM university, our foundations come from analytics, and that really puts Purdue in a different spot than other programs."

About KRANNERT

WHY RECRUIT AT KRANNERT?

Purdue University’s Krannert School of Management is an ecosystem of aspiring business leaders who are mastering the analytical problem-solving and tech-commercialization skills that move industry forward and change the world. Our talented and diverse student body hails from all corners of the world, convening to form a rich culture of eclectic, progressive leadership.

Krannert is uniquely positioned alongside a globally renowned STEM school inside a dynamic corporate partnership R&D community. Our students are immersed in a highly collaborative, workmanlike culture that has produced leaders of some of the largest companies in the world.

The curriculum at Krannert draws on rigorous quantitative analysis and information technology as the foundation of our program is based on providing superior analytical insight to produce global leaders.
GRADUATE PROGRAMS WE SERVICE

[FULL-TIME MASTER OF BUSINESS ADMINISTRATION]
The MBA program is a 60-credit-hour, four-semester degree that helps students develop analytical and technical skills along with global strategic leadership capabilities to lead in our technology-driven world.

[MASTER OF SCIENCE IN HUMAN RESOURCE MANAGEMENT]
The MSHRM program is a 48-credit-hour, three-semester degree that combines human resources, management and organizational behavior studies with experiential learning opportunities.

[MASTER OF SCIENCE IN ACCOUNTING]
The MSA is a 30-credit-hour, two-semester degree that prepares students to take the CPA exam while enhancing technical skills, written and oral communication skills, along with critical thinking and leadership skills.

[MASTER OF SCIENCE IN FINANCE]
The MSF is a 40-credit-hour, three-semester degree that draws on real-world applications and access to the top minds in finance, complementing studies in the classroom to create a holistic learning experience.

[MASTER OF SCIENCE IN MARKETING]
The MSM is a 33-credit-hour, three-semester degree that provides students with experience in using theoretical concepts to solve marketing problems through active learning projects, case studies, and hands-on exercises and marketing simulations.

[MASTER OF SCIENCE IN BUSINESS ANALYTICS AND INFORMATION MANAGEMENT]
The MSBAIM is a 36-credit-hour, three-semester degree. The program is designed to enable informed decision-making using data. The curriculum is rigorous and geared to develop proficiency in the use of software tools and methodologies within business.

[MASTER OF SCIENCE IN GLOBAL SUPPLY CHAIN MANAGEMENT]
The MSGSCM is a 30-credit-hour, two-semester degree that builds upon Purdue’s core strength in operations, supply chain management, and business analytics to provide skills that position students well for a career in managing global supply chains.

Recruiting at KRANNERT

GENERAL GUIDELINES

Annually, on or around April 1, we begin to schedule for the upcoming recruiting season. The recruiting season begins with preparation in early August. Information sessions start in late August or early September, then our Master’s Job Fair occurs in September. Interview schedules begin immediately after the fair.

ON-CAMPUS PRESENTATIONS

Space is reserved Monday through Thursday at 6:30-8 p.m. for information sessions in Rawls Hall. We strive to schedule only one per evening. Although we cannot prohibit other demands on the student’s time, we will not schedule during exams or other major known conflicts. Unfortunately, current Krannert class schedules do not allow for lunch hour presentations.

FULL-TIME RECRUITING

Second-year recruiting begins in September and continues through early December. Companies that set second-year recruiting schedules in January or later should anticipate a smaller number of available candidates.

INTERNSHIP RECRUITING

Recruiting for internships begins after the Master’s Job Fair in the fall and continues through spring. The majority of internship interviewing occurs December-February. KRANNERT MASTER’S CAREER FAIR

Held every year in September, the Krannert Master’s Career Fair is an ideal way to build your company’s brand on campus and meet top talent. Because of our strong curricular emphasis, you will find our students to be well prepared to meet your business needs. Both full-time and internship-seeking students will be in attendance.
Recruiting at KRANNERT CONTINUED

ENGAGEMENT OPPORTUNITIES

We welcome the opportunity to partner with you and your company for additional opportunities to engage with Krannert students. While our Krannert City Treks are a unique opportunity for recruiters to showcase their company onsite while meeting current students, there are also various methods of company engagement while on campus in addition to presentations. Our staff is able to assist with company-hosted coffee hours, networking events, conferences, Experiential Learning Projects (ELI), case competitions and student clubs.

STUDENT CLUBS

Working with student clubs can provide additional exposure for your company. The Krannert graduate student clubs and organizations sponsor most student-managed activities and social events for Krannert graduate students. Contact KPDC for assistance connecting with any clubs listed at right.

Asian Business Club
Business Analytics and Information Club
Graduate Women in Business

SCHEDULING INTERVIEWS

Normal interview lengths are 30, 45 or 60 minutes. The standard interview would be on a Monday through Thursday between the hours of 8 a.m. and 5 p.m. Friday interviews are rare and are approved on a case-by-case basis. Students seeking internships and those in one-year programs are frequently required to attend special programs on Fridays. Many students use Friday for site visits, case competitions, career fairs, etc. We will attempt to accommodate interview schedule adjustments with prior notice.

Please provide the length of time you desire for your interviews and if the student will be required to participate in back-to-back interviews. The Krannert Professional Development Center (KPDC) will generate the schedule online. When you determine the candidates you wish to interview, indicate they are invited or are alternates within our online system. Students are notified by email, and they may sign up online for a specific time slot when sign-up opens. After invitees are given the opportunity to sign up, alternates are eligible to take any vacant spots.

Submit your closed list (pre-selects) at least 10 days prior to your interview date. If your closed list is late, it may impede the sign-up of students you wish to interview. A hard copy of your schedule and student resume will be available no later than the morning of your interview.

Arrange your travel so the schedule can be completed as planned. It is usually not possible to reschedule students the day of the interview. Allow at least two hours after the conclusion of the interview day if you are returning to Indianapolis International Airport.
Recruiting at KRANNERT

JOB POSTINGS AND RESUME DATABASES

Criteria used for screening can be helpful in determining eligibility, but the most efficient method is a resume collection where students submit resumes in response to a job description. We can assist you in posting jobs for master’s students. You may also pull filtered resume books from CMA, searching for keywords such as: current student, 1st year MBA, seeking internship, with a primary concentration in Finance, holding F-1 visa, or “Mandarin.”

RECRUITER POLICIES

Recruiters cannot ask interview questions that could be construed as unethical, illegal or in violation of personal privacy, such as questions related to race, age, marital status, religion, handicap, national or ethnic origin, or his/her sexual orientation.

Please inform students of their status (regret, or invite to site) within the time frame you mention in the campus interview. Students appreciate receiving this within two weeks after the interview if possible.

Submit your offer in writing, and to ensure that students have the opportunity to make a thoughtful decision, do not request students to accept offers before the designated deadline. Most students prefer to interview through the entire recruiting season before accepting an offer. We request that full-time offers (and full-time offers received from an internship) be kept open until December 1 or four weeks from the verbal or written offer, whichever date is later. Internship offers should be kept open until February 1 or four weeks from the verbal or written offer, whichever date is later. We encourage you to keep this in mind when asking students to respond to an offer.

Exploding offers are strongly discouraged as a means to bring about an early acceptance. Job offers must remain open (including base salary, bonuses, etc.) until the deadline to accept the offer. Changing or withdrawing job offers violates professional standards and Krannert’s recruiting policy.

Students who accept an offer then renege are subject to suspension of recruiting privileges.

I appreciated how quickly KPDC reached out to me to help prepare for company interactions. By the time I arrived on campus, my resume was fine-tuned, I could deliver my elevator pitch, and I was able to connect with alumni at companies about potential internships.”
With 2,500 undergraduate students, the Krannert School of Management is a relatively small school that offers all the benefits of a world-renowned university. Purdue is at the forefront in science, technology and engineering, and Krannert students benefit from that expertise. Our graduates are known for their strength in quantitative methods and analytics.

Students can select from seven business majors:

- ACCOUNTING
- INDUSTRIAL MANAGEMENT
- ECONOMICS
- MARKETING
- FINANCE
- SUPPLY CHAIN INFORMATION AND ANALYTICS
- GENERAL MANAGEMENT

Our students also can complete Purdue’s Certificate in Entrepreneur and Innovation program and a number of concentrations and minors in Krannert and across campus.

Recruiting at **KRANNERT**

**ON-CAMPUS RECRUITING**

On-campus recruiting includes career fairs, interviews, presentations, case competitions and other events. Peak recruiting occurs from late August to early November and from January through March. Please refer to our Recruiting Guidelines and the NACE Principles for Ethical Professional Practice. The Center for Career Opportunities (CCO) is Purdue’s main career center. They host the NACELink@Purdue portal and it is open to all Purdue students and alumni. It is your one-stop shop to recruit Purdue School of Management undergraduate students. Through this portal, you can request on-campus interviews, post full-time, internship and co-op opportunities, and register for career fairs. Go to www.cco.purdue.edu/Employers/NACELink to create your account.

**ON-CAMPUS INTERVIEWS**

On-campus interviews schedules may be conducted in the CCO or in the Krannert Professional Development Center’s interview offices. You may request interview dates through your NACELinkPurdue account, or by emailing hire@purdue.edu, or the KPDC (careerpurdue.edu). Interview schedules can be 30-, 45- or 60-minute slots and you can pre-select candidates based on major, graduation dates, degree level and work authorization. When requesting dates, please include a few dates and the length of your interviews. Priority in the KPDC suite will be given to KPDC sponsors.

**CAREER FAIRS**

Attending our career fairs is a great way to build your visibility and meet great candidates. The fall recruiting season kicks off with the Purdue Accounting Association/Beta Alpha Psi Public Accounting Fair. It is followed by the School of Management Employers Forum (SMEF) fall fair, which is held in September and attracts more than 140 companies and 2,000 students. In addition to the fair, you can participate in resume critiques, give a company presentation and interview students. SMEF hosts another fair early in the spring semester. Registration typically opens in May (fall fair) and November (spring fair) and you register for all of our fairs through the NACELinkPurdue system.

UNDERGRADUATE PROGRAM

JOB POSTING

The NACElink@Purdue job posting board is for companies looking to hire students (or alumni) for entry-level, internships, co-ops and part-time positions. Resumes can be collected in our system, emailed to you, or students can be directed to apply on your company website. Positions should be posted at the beginning of recruiting, before career fairs, and remain active for 30-45 days. Positions can be re-posted if you need additional candidates. Positions should have a descriptive title, give an overview of the company and list the job responsibilities. In addition, it should include the qualifications you seek or require in candidates.

To add screening criteria to a posting you can use the resume collection option. This functions similar to an on-campus interview posting but it does not have a recruiting date set. Should you decide you want to interview on campus, a resume collection can be converted to an on-campus interview visit. Contact hire@purdue.edu or the KPDC (career@purdue.edu) to create a resume collection.

RESUME BOOKS

Personally reaching out to qualified candidates is a great way to increase interest in your upcoming campus visit or job opportunities. Any time throughout the year you can request a resume book (a PDF) based on the criteria you are seeking. The resume books can be found at www.cco.purdue.edu/Employers/HireStudentsAndAlumni. Companies attending our career fairs can access our searchable business majors resume books shortly before and after the fair. After you identify qualified candidates, you can email them through the NACElink@Purdue system.

INFORMATION SESSIONS

Companies can host information sessions during the career fair, the night before an on-campus interview schedule or with a student organization. Working directly with a student organization(s) can increase attendance. The KPDC or student club can help you try to reserve a classroom in Krannert or Rawls. Additional space may be available in other buildings and you can request it online at https://calendar.purdue.edu/infosession.aspx.

UNDERGRAD CLUBS

The School of Management has more than 20 undergraduate student organizations. Building relationships and supporting the clubs can help you increase awareness and find great candidates. Typical events include company presentations, on-site visits, case competitions, networking events and career-related workshops (Excel, mock interviews, resume critiques). Before our spring career fair, we host a “Reverse Fair” so companies can meet the leaders of our organizations. You can learn more about our clubs by visiting www.krannert.purdue.edu/undergraduate/life-at-krannert/. Contact the KPDC to learn about opportunities to support or connect with our organizations.

Recruiting at KRANNERT

KRANNERT PROFESSIONAL DEVELOPMENT CENTER CORPORATE PARTNERS PROGRAM

Being a KPDC sponsor can increase your organization’s visibility and access to students in the Krannert School of Management. Partnering with the KPDC provides support that helps us increase the career development opportunities we offer our students. For more information contact Erik Props at 765-494-1688.

RECRUITING GUIDELINES AND POLICIES

We recommend that employers do not place unnecessary pressure on students to accept a job or internship offer. We recommend against exploding offers, defined as offers that require students to decide within a very short amount of time or face having the offers rescinded. These recommendations are supported by the National Association of Colleges and Employers.

For first- and second-round interviews, we recommend that employers make every effort to accommodate a student’s schedule. For off-campus interviews, we recommend a few days notice and (potentially) alternate dates so students can arrange travel and other obligations.

Student accountability: Students who miss interviews or renege on an offer may be subject to losing access privileges to their account.

CLINTON [Wilhight]
BS, Accounting, Purdue University, Class of 2018

“I chose Krannert because of its challenging curriculum, high business school rankings and focus on developing the next wave of business leaders.”
Visit

KRANNERT

Purdue University is located near Interstate 65, just one hour northwest of Indianapolis and two hours southeast of Chicago.

The Krannert Professional Development Center (KPDC) is located in Rawls Hall, which is situated across from the Krannert Building on the corner of State Street and Grant Street in West Lafayette, Indiana. The KPDC office is on the third floor of Rawls Hall in Suite 3029.

PARKING

The Grant Street Parking Garage is the designated parking garage for our corporate visitors and is located half a block from Rawls Hall. You also can use the following address for online mapping services: 120 N. Grant St., West Lafayette, Indiana.

AIR TRAVEL

The nearest commercial airports are Indianapolis International (65 miles) and Chicago O’Hare (140 miles). The Purdue University Airport accommodates privately owned planes.

WHERE TO STAY (SEE MAP AT RIGHT)

1. The Union Club Hotel
   101 N. Grant St.
   West Lafayette, IN 47906
   765-494-3800

2. Hilton Garden Inn
   336 E. State St.
   West Lafayette, IN 47906
   765-743-2100

3. Hampton Inn and Suites
   160 Tapawingo Drive
   West Lafayette, IN 47906
   765-269-8000

DRIVING DIRECTIONS

From Chicago, Fort Wayne, Indianapolis and South Bend:
Exit I-65 at Exit 172 and proceed west (toward Lafayette) on South Street. Proceed four miles to West Lafayette. (Be sure to follow the state Route 26 signs carefully. At the intersection with Main Street, state Route 26 will jog one block north and become Columbia Street.) When you cross the Wabash River, you are in West Lafayette and are now on State Street. Proceed to the fourth traffic light and turn right on Grant Street. The Grant Street Parking Garage (PGG on campus map) will be half a block on your right.

From Champaign, Crawfordsville, St. Louis and Terre Haute:
Exit I-70 (Exit 41) or I-74 (Exit 34) on U.S. 231 North. When you cross the Wabash River, you are in West Lafayette. At the third light, turn left on State Street. At the second traffic light, turn right on Grant Street. The Grant Street Parking Garage (PGG on campus map) will be half a block on your right.
