

KRANNERT ADVISING MONTHLY

Advising future alums for 61 years and counting

December 2022

IMPORTANT UPCOMING DATES:

- Fall semester grades will be available to view **December 21st**. Log in to your myPurdue then "Academics" tab. Under "Transcript" select "View Unofficial Transcript".
- Enjoy winter break this month! Purdue will be closed from **December 23rd - January 2nd**.
- Spring 2023 classes begin on Monday, **January 9th**.
- Need to make changes to your Spring 2023 schedule? You can add courses until **January 13th** without any additional approvals needed. If a course is full, try adding yourself to the waitlist using the instructions [here](#).
- You can drop a 16 week course for Spring 2023, without any record on your transcript until **January 23rd**. Reference the Spring add/drop calendar [here](#). Be sure to check with your academic advisor before making changes to your schedule.
- **January 16th** - Purdue is closed in observation of Dr. Martin Luther King, Jr. Day.

“I HAVE HEARD PEOPLE SAY THAT THERE IS A LOT OF LUCK IN LIFE, AND I WOULD AGREE THAT THERE IS. BUT LUCK CONSISTS LARGELY OF BEING READY FOR OPPORTUNITY, AND THIS IS WHERE YOUR INTELLIGENCE AND YOUR EXPERIENCE AND YOUR EDUCATION CAN BE USEFUL.” - HERMAN KRANNERT

How to: Prepare for a Successful Spring Semester

Make the most of winter break!

Prioritize rest and recovery!

- Spend time with family and friends.
- Make time for a hobby you enjoy.
- Take a trip or plan for a future trip.

Take small steps for your career.

- Update or create your [LinkedIn](#).
- Have a trusted mentor or friend review your resume. You can also use [Vmock](#) - a free resume review program available to students.
- Research internships or jobs using [Handshake](#).

Prepare for campus involvement or important exams and certifications.

- If you are considering graduate or or professional school, take time to schedule and prepare for admissions tests.
- Use [Boilerlink](#) to research Purdue clubs and organizations.
- Planning to sit for the CPA exam? You can research individual state requirements [here](#). If you have questions about the CPA exam, reach out to Professor Janes at tjanes@purdue.edu.
- Need to complete your Civics Literacy Requirement for Purdue? Check out [The Civics Literacy Proficiency website](#) and email CivicsLiteracy@purdue.edu with questions.

Check out Purdue resources:

As you prepare to step away from classes and the completion of another semester, please remember to take a moment to care for yourself. Your mental and emotional health is an essential part of your success, so make it a priority.

Take the time to relax and get organized using the strategies mentioned in this newsletter during winter break and when you are back on campus in January, do not forget all of the amazing resources available to you.

CAPS - Counseling & Psychological Services

Trained mental health professionals are available to help you explore coping strategies. Information about how to get started with CAPS can be found [here](#).

Disability Resource Center

The Disability Resource Center has compiled a listing of mobile apps that you may find beneficial in dealing with stress, being overwhelmed, anxious, panicked, or for general overall mental health. Check out the list of apps [here](#) - they are free unless noted otherwise.

Recwell

Recreation & Wellness at Purdue offers more than the opportunity to work out at the co-rec. They also offer coaching on nutrition and financial wellness. Check out the [Boiler Financial Track](#) and [Nutrition Counseling](#) programs for help meeting your health and financial goals in 2023.

FEATURED COURSE: MA 16290 - 1 CREDIT HOUR DATA SCIENCE LAB

Offered Spring 2023, MA 16290 will be taught by Business Analytics and Information Management (BAIM) professor Mireille Boutin. In this team-practice-oriented course, you will work on some guided engineering experiments that will involve Calculus course learning and introduce the basics of an analytics computing tool, Python. This is recommended to be taken with your Calculus courses, but if anyone is interested, you can still register to take the course.

This course consists of weekly computer laboratories which apply concepts learned in Calculus I and II to data science problems. Main topics covered include function sampling and approximation, numerical differentiation, numerical integration, Jupyter notebooks, introductory Python programming, object oriented programming, and data acquisition with microcontrollers and sensors. Additional information about the course can be found [here](#).

FEATURED PROGRAM: THE BUSINESS OPPORTUNITY PROGRAM (BOP)

The Business Opportunity Program (BOP), established more than 50 years ago, is a groundbreaking, nationally recognized program that recruits, enrolls, educates, and provides support for Krannert undergraduate and graduate students pursuing careers in management.

To learn more about BOP visit their website [here](#).

CAREER DEVELOPMENT RESOURCES

Mark your calendar for February 1st - 3rd for the Spring 2023 Krannert Career Fair! The Career Fair will be held in the co-rec on February 2nd from 11 am - 3 pm. Additional career programming, including resume review sessions and on-campus interviews, will be held the 1st and 3rd. For more information about the event view the [School of Management Employers Forum website](#).

Prep for the fair:

- Sign up for a [Krannert Handshake Account](#) - make sure your profile is updated with a photo and copy of your resume. Handshake is where you can register for the fair. Employers also post internship opportunities through the platform and reach out directly to students through the messaging feature.
- Be on the lookout for any emails from the Krannert Professional Development Center or the School of Management Employers Forum. About a week before the fair, a career fair booklet is emailed out with information about companies in attendance and their specific recruitment needs.
- Schedule an appointment with a KPDC or CCO Career Coach in [BoilerConnect](#).

Dr. Cornell A. Bell
[Learn about his legacy here.](#)

Have a fun and restful break! The advising office looks forward to seeing you back on campus January 9th!
