ALUMNI SPOTLIGHT

“
In three words I would describe the Krannert experience as relevant, engaging and stimulating. There is an abundance of networking opportunities. The onus is on the individual, and if done correctly it can be very rewarding. I also had unique opportunities to hear from corporate leaders on the future of supply chain technology. It was very eye-opening.”

ASMITA PARASHAR
MSGSCM ’18
Program Manager - Global Infrastructure Solutions
Group Outlook

Information compiled from recent cohorts.
SUCCESSFUL

STUDENT ATTRIBUTES

TRUE GRIT
Krannert students unlock their full potential during their academic journey. Challenges reveal the mettle of a Boilermaker. Our students are tenacious and can be relied upon to see a job through, all while balancing their studies, work, and family life.

PIONEERING SPIRIT
At the heart of Purdue University is a passion for discovery, fueled by an entrepreneurial spirit. Krannert students blaze their own paths, never settling for the status quo.

INITIATIVE
We look ahead and forever move forward. Krannert master’s students apply classroom learning and newly developed skills to their professional development plan and their workplace, creating value for themselves and their companies long before graduation.

THE “IT” FACTOR

ENRICHING CONTRIBUTOR
Krannert students enrich the school and their cohort, elevating the learning experience for all. Here, diversity transcends ethnicity or gender into realms of thought, industry, and academic background.

EMOTIONAL INTELLIGENCE
Great leaders communicate effectively and with great empathy. Krannert students are great leaders in training who learn to manage themselves and their relationships with self and social awareness, upping their Emotional Intelligence Quotient (EIQ).

PROBLEM-SOLVING SKILLS:
At Krannert we roll up our sleeves and dig deep into a problem. Success requires us to approach questions from a variety of angles, combining a solid academic foundation with a flair for the creative. And we are successful.

ALUMNI SPOTLIGHT

"The case studies we use in class I think are one of the best resources we’ve had. With these cases we can apply what we are learning in class to real-life situations that big companies have gone through and not just some random numbers.”

FACULTY HIGHLIGHT

AMY DAVID
Clinical Assistant Professor of Management, Supply Chain Management

B.S., General Engineering, University of Illinois at Urbana-Champaign, Urbana, IL
MBA, Lake Forest Graduate School of Management, Lake Forest, IL
PhD, Industrial Engineering and Operations Research, University of Illinois at Chicago, Chicago, IL

"Purdue University’s MS Global Supply Chain Management program is designed for students from a variety of fields and industries and is particularly ideal for those with strong STEM backgrounds. However, students from less STEM-heavy majors, including Liberal Arts, Agriculture, and Humanities, also thrive in the program. Our diverse classroom enriches the learning environment. Students can expect curriculum that is aligned with emerging industry trends, hands-on learning, and immersive experiential learning opportunities in company projects.”
